The Board of Directors of Blackwolf is responsible to ensure the Code is adequate and must approve any changes before they can be made or put into practice. Executive management is responsible for maintaining the Code and putting it into practice throughout the Company. Copies of the Code of Conduct are available on the company’s website at: [www.blackwolfcopperandgold.com](http://www.blackwolfcopperandgold.com) and can also be obtained from the Compliance Officer or any of the Executive management members.

### Who Must Follow the Code

All Representatives of Blackwolf are required to know and follow the Code.

All third parties working for and on behalf of Blackwolf, including but not limited to consultants, suppliers, contractors, agents, brokers, customers, donation or sponsorship beneficiaries, and their respective subcontractors, etc. (collectively “**Third Parties**”), are also expected to comply with our Code.

### Awareness, Training & Sign-off

All Representatives must carefully review and become familiar with the Code as well as confirm, either electronically or by signing an acknowledgement, that they understand and agree to follow the Code. Representatives may be required from time to time to participate in mandatory trainings on the Code and re-affirm their understanding of it. It is the accountability of Executive management to ensure training, knowledge validation and records are completed.

### Accountabilities of Managers and Supervisors

Blackwolf holds its managers and supervisors to the highest ethical standards and expects them to lead by example and help to create a culture of trust that encourages raising questions and concerns.

## **PART 3: BUSINESS CONDUCT AND ETHICS REQUIREMENTS**

### **SECTION 1: COMPLIANCE WITH LAWS**

All Representatives are accountable for knowing and complying with the laws and regulations, applicable to their job, in each country where we operate.

This Code and other Company documents, such as policies, standards and procedures, are in addition to and do not substitute for laws and regulations applicable to the Company. Representatives are responsible for educating themselves on the laws and regulations that govern their work and ask for advice from their manager or supervisor if the requirements of the law are not clear.

Violating the laws of any of the countries where we do business may lead to both liability for the Company as well as disciplinary measures, and civil or criminal liability for the Representatives involved.

### **SECTION 2: SUSTAINABLE DEVELOPMENT**

Sustainability begins with the way we think, the way we behave as individuals and as a Company, and the way we operate. Sustainable development means that all stakeholders benefit from resources being developed in a way that provides lasting and positive value.

We achieve sustainability by fostering creativity and innovation throughout the development process and seeking collaboration with all stakeholders.

Our goal is to demonstrate excellence in health and safety, respect for human rights, environmental stewardship, community engagement and development, and government relations across all stages of our business.

#### **Community Partnership**

Wherever we operate, we look to cooperate and collaborate with local stakeholders to ensure that our presence has a positive impact and that we contribute to the sustainable development of the local community and region.

Many of our Representatives and Third Parties are active members of our communities and, as such, are expected to behave accordingly, with respect and dignity toward other community members.

Our investments and partnerships with local communities are primarily focused on sustainable development initiatives in the areas of education, social services, health, arts and culture and infrastructure.

We encourage our Representatives to volunteer time, expertise and services to assist with our community initiatives.

## Health & Safety

We are committed to ensuring that everyone working at our operations returns home safe and healthy every day. We will provide the necessary resources to build a safe and healthy working environment. We do this by creating an interdependent health and safety culture. All incidents are preventable and we have and will continue to establish policies and standards that guide behaviour and actions in the workplace to help identify and manage workplace hazards and risks.

We expect Representatives to know and understand their accountability to protect their own, and everyone else's, health and safety. We design and implement training programs to ensure all Representatives are competent to perform their work safely.

- Be aware of, and understand, all health and safety protocols and requirements related to your position;
- Be appropriately trained and competent to carry out the tasks assigned to you;
- Follow Blackwolf's safety programs, policies and procedures, which exist to protect your life and those of your colleagues;
- Demonstrate leadership by advising or stopping co-workers if they are working in an unsafe manner;

- Report all incidents and participate actively in incident investigations, so we can learn from, and avoid, similar situations in the future.

See Blackwolf's **Health and Safety Policy** for additional information.

## Environmental Responsibility

We are committed to using sound science and innovative operational practices to minimize our environmental impact throughout the life cycle of our presence at the sites where we work. We are also committed to understanding the environmental context where we operate so that we can protect valued ecosystem components, biodiversity and minimize our impact on the environment.

To achieve our environmental goals, we must:

- Perform our work in a way that avoids environmental pollution and incidents that lead to negative environmental impacts;

- Monitor our impact on the environment and identify ways of mitigating adverse impacts as well as opportunities for environmental improvement; and
- Report our environmental performance in a transparent manner and work with stakeholders to further improve the environment.

See Blackwolf's ***Environmental Policy*** for additional information.

### **SECTION 3: WORK ENVIRONMENT**

#### **Mutual Respect**

We strive to foster an environment of dignity and respect, in keeping with our values, where Representatives are required to treat each other, and all members of the communities in which we operate, with professional courtesy and respect at all times.

#### **Equal Opportunity**

Blackwolf strongly supports the principle that all individuals must have an equal opportunity to participate in our business and to develop their full potential within it.

Blackwolf will not tolerate any discrimination against any Representative because of race, religion, colour, gender, sexual orientation, national or ethnic origin, age or physical ability (provided the person can safely carry out the role and responsibilities associated with the position, unless the local legislation sets out specific restrictions for certain positions or the demands of the position are prohibitive).

All employees and job candidates will be treated with equality, based on their qualifications, performance and ability, in all matters, including recruitment, employment, promotion, transfer, termination, rates of pay and training.

### **Non-Harassment**

The Company is committed to providing a work environment that enables all our employees to pursue their careers free from harassment.

Any verbal or physical conduct which might be construed as sexual in nature is strictly prohibited. Such conduct may constitute sexual harassment and may be the basis for legal action against the offending Employee and / or the Company.

### **Alcohol and Substance Abuse**

Blackwolf has a “zero tolerance” policy for illegal drug use, alcohol abuse, drinking and driving, or other substance abuse on the job or which otherwise affects job performance. Substance abuse, including alcohol abuse, and illegal drug use on the job or which affects job performance is strictly prohibited. Any employee possessing or drinking alcohol or in the possession of non-prescription, performance altering or illicit drugs, including any narcotic, or found taking, providing, selling or trading illicit drugs in the workplace will result in disciplinary measures up to and including termination and the appropriate law enforcement agency will be contacted.

### **SECTION 4: ANTI-BRIBERY AND ANTI-CORRUPTION**

All of Blackwolf's relationships, including those with shareholders, customers, suppliers, governments, regulators, professional service providers and others, should be based on honesty and integrity.

Canada and the United States have passed strict laws against various forms of bribery and corruption. The Company, its Representatives and anyone acting on its behalf is subject to both these countries' laws.

Representatives must never engage in, or condone, corrupt practices including offering, giving, receiving or soliciting, directly or indirectly, anything of value to improperly influence the actions of another party.

### **Dealing with Public Officials**

Anti-bribery and anti-corruption laws and, in particular the *Corruption of Foreign Public Officials Act* (Canada) and the *Foreign Corrupt Practices Act* (United States), strictly prohibits offering, promising, paying or authorizing the payment, or providing anything of value, directly or indirectly, to a Public Official to secure an improper business advantage.

*“Public Official”* means:

- any person holding a legislative, administrative or judicial office of a country, government, state, province or municipality, whether appointed or elected;
- any person exercising a public function for a country, government, state, province or municipality, including for a government agency, board, commission, corporation or other body or authority;
- any official or agent of a public international organization (such as the United Nations, the World Bank, or the International Monetary Fund); or
- any political party or official of a political party or a candidate for public office.

*“Anything of Value”* means:

- Cash and non-cash benefits, such as gifts, favours, employment, excessive hospitality or directing business to a particular individual or company.

Even inexpensive gifts are subject to anti-bribery and anti-corruption laws. If you are not sure, check with your manager or supervisor.

Typical Examples of *“Business Advantage”* include:

- Securing a permit;
- Securing a contract, renewing an existing one or securing favourable contract terms;
- Influencing a Public Official to take or omit an action in violation of his/her lawful duty; or
- Winning a public tender or property over a competitor’s superior bid.

### **Commercial Bribery**

Corrupt practices among Representatives and Third Parties are also a serious violation of our Code.

Commercial bribery involves situations where a Representative or a Third Party engages in arrangements to provide an unwarranted advantage to another party in exchange for a personal benefit (e.g. kickback, supply of goods for personal use, favours, lavish gifts and/or entertainment, etc.) either by mutual agreement with the Third Party or through extortion.

### **Consequences of Bribery**

Bribery, or even the appearance of such, will damage Blackwolf’s reputation. The penalties for violating anti-corruption laws can be severe and could include significant individual and corporate fines, including imprisonment, or even the forfeiture of critical mining, exploration or operating licenses and permits.

## **SECTION 5: CONFLICTS OF INTEREST**

All business decisions within Blackwolf must be made solely on the basis of sound business judgment.

Representatives have an obligation to act, at all times, in the best interest of our Company, free from the influence of personal considerations or relationships.

Representatives are expected to avoid situations where their personal or private interest could conflict with, or even appear to conflict with, the interests of Blackwolf.

### **Situations With Greater Risk Of Conflict Of Interest**

Certain situations create greater opportunity for a real or potential conflict of interest. Representatives should be aware and act with caution if any such situation arises.

- **Competing Activities**

Representatives should not compete with the Company or take personal advantage of opportunities that are discovered through the use of Company property, information or position, when these opportunities could be of interest to Blackwolf.

Representatives should avoid situations where their private financial interests might influence their decisions or actions at Blackwolf.

- **Outside Activities**

Representatives should not engage in outside activities that can impair the effective performances of their duties at the Company.

- **Family and Personal Relationships at Work**

Representatives should not hire, supervise or have direct involvement in any business decision affecting members of their family. Representatives must ensure that those with whom they have a family relationship are reasonably separated from their scope of influence at work, especially in the areas of job promotions, evaluations and compensation.

- **Dealing with Suppliers**

Blackwolf is a valuable customer for many suppliers of goods, services and facilities. Representatives should ensure that all their decisions when dealing with suppliers are made exclusively on the basis of price, quality, service and suitability to the Company's needs.

### Disclosing a Potential Conflict of Interest

Situations involving potential conflicts of interest are not uncommon in our business and do not always represent a violation of our Code.

Employees who have, or become aware of, a real or potential conflict of interest should seek advice regarding the situation from a manager or supervisor and disclose the conflict of interest or potential conflict using the established disclosure process.

### SECTION 6: GIFTS, ENTERTAINMENT AND HOSPITALITY

Gifts, entertainment and hospitality can play an important role in building business relationships. However, depending on their value and nature, they can also be considered a bribe or create a conflict of interest.

- notify management if you have been offered a gift which does not meet any of the requirements above;
- obtain management approval before offering other than a gift of nominal value, modest entertainment or hospitality;
- obtain advice and approval from the Compliance Officer before giving or offering a gift, entertainment or hospitality to a Public Official; and

- ensure that all gifts, entertainment and hospitality are properly and accurately recorded in the Company books.

### **SECTION 7: ANTI-FRAUD**

Blackwolf will not tolerate any fraudulent activity and expects Representatives to take reasonable steps to prevent the occurrence of fraud and to report any activity suspected to be fraudulent.

Fraud is an intentional act or omission designed to mislead Blackwolf, or another person or organization, to obtain an improper financial benefit or to avoid an obligation. Some common fraudulent activities can include falsifying financial or operational records, misrepresentation of financial and operational results, or engaging in fraudulent relationships with Third Parties, such as accepting kickbacks, and misappropriating Blackwolf assets, including both tangible and intangible assets.

### **SECTION 8: ANTI-COMPETITIVE PRACTICES & ANTI-MONEY LAUNDERING**

#### **Anti-Competitive Practices**

We firmly believe that fair competition is fundamental to the continuation of the free enterprise system and economic development. We comply with, and support, laws of all countries which prohibit restraints on trade, unfair practices or abuse of economic power.

Our Representatives must use caution when interacting with Company competitors and must not discuss the prices and other terms of Company contracts or gain information from competitors on these topics.

#### **Anti-Money Laundering**

Blackwolf is committed to comply fully with applicable anti-money laundering laws. We will only conduct business with reputable suppliers and customers who are involved in legitimate business activities and whose funds are derived from legitimate sources. You must take reasonable steps to protect Blackwolf from facilitating or taking part in any illegal activities or accepting forms of payment that have been identified as a means of laundering money.

## SECTION 9: POLITICAL ACTIVITIES AND CONTRIBUTIONS

Representatives who participate in political activities should make every effort to ensure that they do not leave the impression that they speak or act on behalf of Blackwolf. Representatives may not use their position with Blackwolf to coerce or pressure other Representatives to make political contributions to, or support or oppose, any political candidates or elections.

No Representative is permitted to use Company funds, facilities or other assets to support, either directly or indirectly, any political candidates or political parties without prior authorization from Blackwolf's **Chief Executive Officer**. All political contributions must comply with applicable laws and this Code.

## SECTION 10: BOOKS & RECORDS

Every Representative is accountable to ensure, in accordance with their role, that Blackwolf's books and records completely and accurately represent the true nature of the transactions that triggered those records.

Representatives are forbidden to use, authorize or condone the use of "off-the-books" bookkeeping, secret accounts, unrecorded bank accounts, "slush" funds, falsified books or any other devices that could be used to distort records or reports of the Company's true operating or financial results or could otherwise result in the improper recording of funds or transactions.

Representatives and Third Parties acting on Blackwolf's behalf or in its interest, must keep accurate records of all gifts, entertainment, hospitality, donations, payments to governments or government-like entities, political contributions, etc. and information on such matters must be recoded in the Company's books and, where required by regulation or legislation, reported.
